

How to see your projected policy value

HSBC Life brings you a first-in-market experience with real-time digital policy value projections!

Log on to online banking and click into "My insurance".

View all your policies in one place, even future projected values!

Your future projected values all at a glance.

See the payout amount you are projected to receive each year.

(Available for specific annuity, whole of life and endowment products)

Including guaranteed and non-guaranteed values.

See your projected payout at a selected age.

(Available for specific annuity, whole of life and endowment products)

Also available in table format!

View the amount you are projected to receive if you surrender at a specific time.

View your cumulative received/projected value across time via the interactive chart.

See how much you can pass on to your loved ones upon your passing.

Same features also available on HSBC mobile app!

Digital policy value projections:
